

ABOUT KIMAL

Formed by George and Diana Press in 1964 Kimal® are an innovative and trusted developer, manufacturer and supplier of customised procedure packs and vascular access devices for use across a range of clinical departments.

As a proudly independent company, our responsiveness and agility, combined with strong partnership and collaboration ethos, make us a supplier of choice to health organisations the world over.

DELIVER ON TIME

KIMAL recognise the importance of delivering on time, every time, in full. Through our 50 Years' experience we have developed core skills which have enabled us to work with our customers and actively manage the challenges of fluctuating demand through forecasted monthly usage.

NO UNEXPECTED SURPRISES

We will work with you to deliver a customised procedure pack to your requirements. You will receive what you ask for and if anything changes, we will notify you first.

HIGH QUALITY PRODUCTS TO MEET YOUR NEEDS

We work with our manufacturers to deliver quality products which will withstand the demands of the procedure.

SPECIALIST CLINICAL KNOWLEDGE

Our team of Clinical Specialists and a customer focussed sales team are dedicated to understanding the needs of clinicians and will support you in improving efficiencies in your department.

AWARD WINNING CUSTOMER SERVICE

The customer is our number one priority and we are committed to consistently delivering high standards of customer care globally. It is this philosophy which has led to us to achieve the European Supply Chain Excellence Award for Customer Service in conjunction with an NHS Trust.

50 YEARS EXPERIENCE GOES INTO EVERY ONE OF OUR PACKS

Kimal were one of the first manufacturers to introduce procedure packs as a valuable and time saving solution when they pioneered the launch of Cardiology Procedure Packs. Our expertise has developed in a specialism where clinical knowledge, an eye for detail and high quality specialist products are crucial. Kimal have proven to be a long standing and trusted partner to the NHS and Hospitals around the globe with 1.5 packs being used every minute somewhere in the world.

Innovation has been at the heart of everything KIMAL has achieved, consistently delivering breakthrough innovations that have gone on to become the standard of care, not just in the UK, but other countries too.

To arrange a tour of our manufacturing facility and to build your own Customised KIMAL® Procedure Pack please contact your local KIMAL Representative.

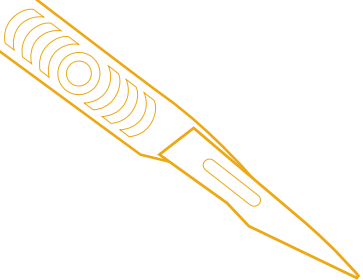

GENERAL SURGERY

Kimal offer an extensive selection of products for General Surgery procedures, manufactured to the highest standard and customised to your requirements.

Kimal specialise in creating bespoke procedure pack solutions and our team of dedicated clinical specialists and customer focused sales teams will work with your department to deliver a solution tailored to your individual needs.

The components and packs listed represent universal options. Please contact Kimal to discuss your exact requirements.

FREQUENTLY ASKED QUESTIONS

Q. 1 Do you provide Procedure Packs for all clinical disciplines?

Yes, KIMAL specialise in bespoke Procedure Packs and can provide solutions for the majority of disciplines. If you don't see what you're looking for contact us on 0845 437 9542 and our Customer Service team will put you in touch with your local representative.

Q. 2 Our department use a specific range of drapes; can we put these into KIMAL Procedure Packs?

Yes, we will work with you to create a pack that meets your needs and requirements. This includes looking at the drapes you wish to include in your packs. KIMAL can work with you to customise your drapes by designing and manufacturing a SurgiGuard® draping solution to meet your exact requirements.

Q. 3 We don't currently use Procedure Packs, does this matter?

Not at all, your local representative can talk you through the process and support you with an analysis of your current practice. They will provide recommendations on how to reduce wastage, increase efficiency and identify areas where savings can be exposed. We also welcome visitors to our pack concept facility where you can build a pack to your requirements from the 1000's of components KIMAL has available.

Q. 4 Can you put sutures into KIMAL Procedure Packs?

Yes, we have a wide selection of available sutures and one of our Clinical Specialists will be happy to discuss your requirements.

Q. 5 We are thinking of including gowns in Procedure Packs, is this possible with KIMAL Procedure Packs?

Yes, we offer a range of gowns to suit your working environment; SurgiGuard® Superior, SurgiGuard® Select and SurgiGuard® Comfort; available in a range of sizes and levels of protection, featuring sonically welded seams and in compliance with EN13795. Please speak to one of our Clinical Specialists for further information or to request a sample.

Q. 6 Our current pack supplier substitutes individual components in our packs which can cause unnecessary stress and tension. Will KIMAL do this?

No, we understand the problems that can be caused when a Procedure Pack doesn't meet the required specification and make sure that we will notify you if any changes need to be made your Procedure Pack.

Q. 7 Do KIMAL have any Procedure Pack Reference sites?

Yes, please ask one of our Clinical Specialists or your local representative for further information.

Q. 8 Am I able to make changes to the Procedure Pack once it has been signed off?

Yes, your local representative will be available to discuss any changes you require. We will continue to support you with regular pack evaluations to ensure that your expectations are maintained and that you continue to reduce unnecessary wastage and unlock efficiency savings.

Q. 9 Can we include Fluid Management systems in our packs?

KIMAL have the exclusive UK distribution rights for the clinician's choice of Fluid Management systems. Namic® manifolds, contrast saving devices and protection stations can be included in your Procedure Packs and customised to your requirements.

Q. 10 Our hospital are switching to safety products and devices, can we include these in our Procedure Packs?

Yes, KIMAL offer a range of safety needles, retractable scalpels, fluid containment devices and sharps solutions.

Q. 11 Am I able to put my current prep solution in a Procedure Pack?

KIMAL are the first Procedure Pack manufacturer to have a pharmaceutical licence. We have UK distribution rights for Chloroprep® and we can work with you to include it in packs if required. Please speak to your local representative for more information.

What differentiates KIMAL as a supplier?

With 50 years' experience in a rapidly changing market place we have developed over the years to provide consistently good results through tailoring our product offering, reinforcing our logistics and supply chain solutions and innovating to bring you the products you require when you need them.

We welcome visitors to our facility where you can tour our clean room and build your own customised KIMAL® Procedure pack.

If you would like to arrange a visit or if you have any questions please speak to your local KIMAL representative.
